PROJECTS

DxAI <i>Nextjs, firebase studio</i>	jan 3, 2025 – feb 4, 2025
- Designed and developed a web app for medical report through ai. - it allows user to login through the & credentials logins to analysis the medical reports	
Auth app <i>Nextjs, prisma, auth.js</i>	jan 3, 2025 – feb 4, 2025
- Designed and developed a web app for authentication. - Engineered a secure authentication system utilizing Next.js, Prisma ORM, and Auth.js - it allows user to login through the oauth & credentials logins verification of using email	
Prompter <i>Nextjs, MongoDB, Nextauth</i>	Sep 1, 2024 – Sep 15, 2024
- Designed and developed a web app for sharing prompts for AI, improving user productivity. - Architected a prompt-sharing platform using Next.js and MongoDB.” - it allows user to login & create, update, delete prompts It allows user to view other prompt & use them	
FMCG invoice generator <i>reactjs, SurveyJS (library from handling)</i>	Feb 12, 2024 – May 15, 2024
- Developed a web application using the react & surveyjs for generating the invoice for FMCG products. - it dynamically calculate tax & generate pdf from it	

EXPERIENCE

Junior developer <i>Astronix Technologies</i>	April 2025- August 2025 <i>MLRITM, Dundigal</i>
- Developing and maintaining responsive user interfaces using modern frontend technologies like React.js, Next.js, and Tailwind CSS. - Collaborated with backend teams to integrate RESTful APIs and ensure efficient data flow between the server and responsive React interfaces - Implementing reusable components, animations, and performance optimizations to improve application speed and scalability. - Participated in debugging and troubleshooting sessions to identify and resolve application bottlenecks, ensuring 99.9% uptime during development phases	
Tech Lead <i>Google Developers Students Club</i>	June 2023 – july 2024 <i>MLRITM, Dundigal</i>

- Mentored juniors, improving their Technical skills with Google Developer Tools.
- Organized workshops and bootcamps, fostering a collaborative learning environment.

Mentored in ML hackthon

MLRITM Department of C.S.E

may. 2023

MLRITM, Dundigal

- Mentored many junior in making ml& dl models

Kavach 2023

Inovation & Incubation Center

Apr. 2023

MLRITM, Dundigal

- Participated in a 24-hour hackathon to develop a solution for a real-world problem.
